Exhibit and Expand Your Business in Japan and Asia

▪ Achievements of Exhibitors

Exhibitors of [September] /Osaka Show 2021 and [March] Show 2022

TAOKE ENERGY CO., LTD.

On the opening day, a customer we had never dealt with before came in and the storage battery system on display was sold on the spot.

GOTION JAPAN CO., LTD.

There were nearly 1,000 business meetings over the three days with suppliers, those in development, automakers, etc.

MARUHACHIDOKEN CO., LTD.

More than 100 people visited our booth on the first half day alone, and we felt that about 10-20% of them might lead to orders.

ZEROBOARD INC.

We were thrilled that so many visitors came to our booth that we could not handle them when the doors opened at 10:00 a.m.
